

Flush

Elkhart offers a wide array of flush and 4-way connections. All connections are cast brass construction.

Wall-mounted options include:

- Inlet models furnished with plugs, chains and an escutcheon.
- Outlet models furnished with caps, chains and an escutcheon.

Four-way connections feature a 6" NPT connection, and come furnished with escutcheons.

- All 4-way inlet connection models feature snoots on each of the four 2½" outlets and are furnished with plug and chain assemblies.
- All 4-way outlet connection models have cap and chain assemblies plus a hex adapter.
