

S-327-AST Tank Fill Adapter

Tough work. Easy Operation.

Designed as a solution for any fire department who is engaged in shuttling, repeated tanker fill, or portable tank operations, the S-327-AST Tank Fill Adapter saves time and effort during critical tanker operations. The integrated #114 drain valve helps to relieve pressure and allow for easier hose disconnections. The S-327-AST is made from lightweight, Elk-O-Lite aluminum and is finished in a Teflon hardcoat to ensure long life and high quality operation for years.

S-327-AST Tank Fill Adapter

3" - P/N 01446301

4" - P/N 01446401

5" - P/N 01446501

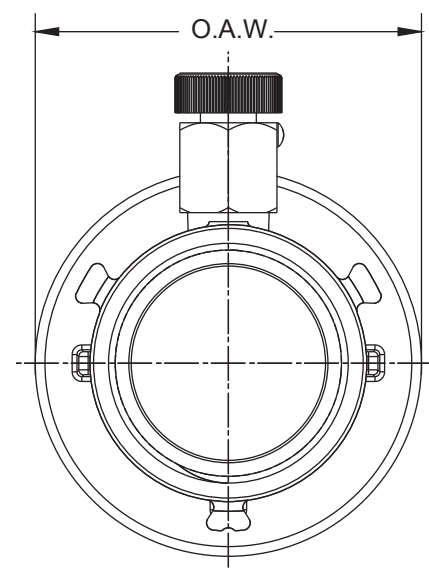

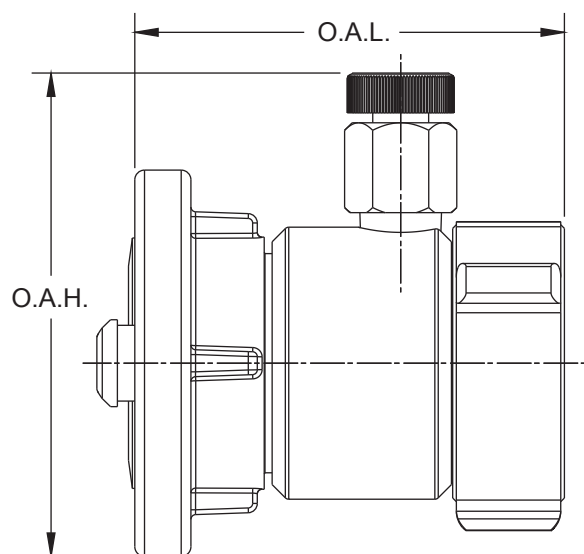

Design Features:

- NHF to STORZ connection
- Integrated #114 drain valve for ease-of-operations
- Lightweight Elk-O-Lite aluminum construction
- Teflon hard coated to increase quality operation
- NFPA 1963 Compliant

Mechanical Features:

- Available in three STORZ fitting sizes - 3", 4", and 5"
- 2.5" NHF Female Swivel
- 232 psi (16 bar) Maximum Pressure

- Weight: 3" - 2.860 lbs.
4" - 4.855 lbs.
5" - 6.815 lbs.

BASE SIZE	O.A.L.	O.A.W.	O.A.H.
3 IN STORZ	5.527	4.969 DIA	6.218
4 IN STORZ	5.722	6.145 DIA	6.806
5 IN STORZ	5.878	7.715 DIA	7.591
